VETERAN'S HEALING

Part of the *Red Bird Center's* mission is to offer true healing opportunities for the men and women who have served in all branches of the military. In our Native Tradition when our Warriors returned from active service our first action was to tend to the needs of their heart and soul. For those suffering from PTSD and other challenges related to combat service, many have stated that the Center's healing programs offered a powerful experience that touches the soul in a way that nothing else ever had. This healing experience includes an opportunity for successful rites of passage in their return home that involves the participation of our greater community.

The Sun King Warriors

Featuring: Jim Donovan

*formerly of the
multi platinum band*

Rusted Root

**An Evening Of
Rhythmic Bliss**

Jim Donovan, a founding member of the popular multi-platinum band, **RUSTED ROOT** presents a brand new exhilarating musical feast for the ears and the body that fuses hypnotic world rhythms and chant, improvisational rock and American roots music.

Propelled by a stage full of drummers and other melodic instruments, The **Sun King Warriors** create a rhythmically intense musical landscape awash in funk, reggae, and rich harmonies. *The Sun King Warriors* are known for blurring the line between audience and performer by fully engaging everyone present in highly energetic program rhythm, dance and song.

In addition to Donovan on drum-kit and vocals, this seven piece group features PJ Roduta on drums, Bryan Fazio and Harry Pepper on congas and percussion, Brandon King on keys and percussion, Kent Tonkin on bass and Dan Murphy on electric guitar.
